Purpose: Mission Statement

Marketing Missoula and surrounding areas as a premiere travel destination thereby creating vibrant growth in the economy and enhancing the quality of life.

Identity of the Destination Missoula Area

"The cultural capital of Montana, Missoula has a long-standing reputation as the state's most progressive city."
Forbes Magazine

Missoula is the state's most cosmopolitan and diverse community and the heart of arts and culture in the State of Montana, blending contemporary culture and historical heritage seamlessly. Missoula is also a regional hub and state leader in commerce, education and health care.

A unique travel destination resting halfway between Glacier and Yellowstone, Montana's two majestic parks, Missoula in itself offers paramount outdoor recreational opportunities. At the confluence of three rivers and surrounded by seven wilderness areas, its uniqueness lies in its accessibility. It provides travelers with scenic beauty, outdoor adventure, unique attractions, regionally renowned shopping and rich and diverse cultural attractions and events.

"And there you have Missoula, Montana, a brilliant combination of urbane sophistication and pastoral ideal."
AAA Home & Away Magazine

The Missoula area market comprises a number of strengths and challenges.

Strengths

Missoula presents the following attributes:

- Missoula's cultural arts community is diverse and in many cases nationally and internationally renowned. The arts community is unifying and developing partnerships and is looking to DM as a leader in this effort.
- Proximity to natural resources (wildlife viewing, lakes, mountains, rivers and wilderness areas) makes Missoula a prime destination for outdoor enthusiasts. What makes it unique is the immediacy of the access to these resources. There are few places, even within Montana, where access to such varied natural resources is in or within minutes of downtown.
- Quality of life in Missoula is so unique and impressive that a number of publications have mentioned the city as a prime place to visit, live or retire.
- Recreational opportunities exist for many different activities such as biking, boating, fishing, golfing, hiking, hockey, curling, baseball and tennis.
- Restaurants with varied price ranges which produce high quality, ethnically diverse food, many of whom promote sustainability by using locally grown products.
- Competitive rates are available in Missoula's food, lodging, service and surface transportation industries in a marketplace where rates have escalated nationally.
- International airport service includes a variety of carriers and direct flights to major air hubs, with new direct service to Oakland added this year.
- Rich population of "top in the field" professionals serves as an excellent resource for meeting planners.
- Missoula is a regional center for retail, health care, education, forestry, ecology and culture.
- The University of Montana brings students, families, speakers and dignitaries from around the world to experience Missoula and who take that experience back to their communities.
- Unique opportunities presented through the University of Montana Grizzly athletics, nationally recognized events and other performing arts and entertainment events.

- A vibrant historical downtown district which is the center for major events.
- Missoula has international appeal. It is Montana's most ethnically diverse community and is host to world renowned annual international events.
- Missoula is home to three teams representing professional baseball, semi-professional hockey and football.
- The Missoula Marathon was named the No. 1 Overall marathon in the US by Runner's World Magazine. Registration numbers for the 2011 Marathon were 4,400, bringing people from all 50 States and a number of countries around the world. The Missoula Marathon was recognized at the 2011 Governor's Conference on Tourism as the Tourism Event of the Year.
- Missoula has a low crime rate compared to other cities of similar size.
- Missoula has implemented a new Tourism Business Improvement District which will enhance Destination Missoula's ability to market Missoula and help Missoula to become competitive with similar size cities within our region.
- Breweries are becoming a niche travel market, and Missoula has a wide variety of local breweries providing unique products.
- Missoula's wide range of events provide entertainment for visitors any time of the year and satisfy every taste.
- With gas prices on the rise, Missoula is highly accessible for Montanan's and visitors from our surrounding States, providing a wide variety of recreational, cultural, and dining experiences in close proximity to home.

Challenges

Missoula presents the following challenges:

General

- Missoula does not have a strong 'brand' for use in enticing visitors to the area and unifying the community.
- Perception exists that Missoula is simply a stopping point between Yellowstone and Glacier National Parks with no inherent destination value to visitors.
- Due to the arrival of low cost carriers in many of the larger airports in Montana, in comparison Missoula's air service is inadequate and expensive.
- There is a general lack of awareness about the city's amenities among potential customers.
- In many respects, residents do not perceive Missoula as a tourist destination and do not understand the economic importance of tourism to the city.
- Lack of an all events center to host city-wide conventions and events which presently Missoula doesn't have the capacity to host or which conflict with availability of existing venues.
- Although Missoula has a more balanced annual visitation than most Montana cities, the vast majority is within the months of April through October, leaving on average \$20.1 million in vacant room nights during the months of November through March.
- Although Missoula is easily accessible by car being situated at crossroads of Interstate 90, US 93 and US 12, due to rising gas prices visitation has the potential to drop in the coming year.
- Transportation in the city is becoming an issue which could create negative experiences for visitors due to traffic gridlocks and lack of funding for infrastructure and maintenance.
- Lack of cohesion between city/county government and key community organizations.
- With the unpredictability of the national and international economy, there is an uncertainty in our ability to forecast travel during the coming year.
- Due to the economic challenges of the past year, the correlating decrease in travel and the current Montana legislative tenor, Missoula's bed tax funding will remain uncertain.
- Without a comprehensive Wayfinding System in Missoula, it can be difficult and confusing for visitors to navigate the city.

Conventions and Meetings

- Convention planners tend to follow tradition about locations for meetings; Missoula does not have a top of mind awareness in that marketplace.
- Larger meetings which want all their events "under one roof" may find it challenging to find adequate facilities in Missoula as the city does not currently have a large convention center with onsite accommodations.
- Missoula's distance from large population centers also leaves it distant from planners' minds.
- Perceptions of limited exhibit space leave Missoula out of consideration for meetings with need for extensive exhibit space.
- The city's lack of large meeting and convention space renders it challenging for large meetings and conventions.
- There is a lack of awareness among meeting planners of the potential for the combination of the University, hospitals and hotels meeting spaces.
- Due to the relatively low number of available airline seats for flights into and out of Missoula, meeting planners have difficulty booking the number of seats necessary to bring larger numbers of convention attendees to Missoula and the airlines are hesitant to add additional flights specifically for conventions.

Marketing Goals and Measureable Objective.

- A. Increase Room Nights 3%.** Occupancy in Missoula increased by 3.8%, exceeding last year's goals of increasing room nights by 3%. The summer months (June, July August) averaged 78.5% occupancy, up 3.1% from 2010, while the months of December and January averaged as low as 34.3%, down 1.6% from 2010, leaving Missoula with an annual average occupancy rate of 56.9%, up from 54.5% in 2010. STR Global's 2013 forecast predicts an upward trend in all three major indicators: Occupancy up 0.5%; ADR up 4.4% and RevPAR up 4.9%.

1. Continue to work in partnership with the Missoula International Airport to bring key new service to Missoula and to work with the community to keep and strengthen our present service through:

This trip will be designed to highlight what is truly unique about Missoula, especially during our off peak/shoulder seasons. The FAM trip may be arranged solely or in partnership with Glacier Country Tourism Commission and/or Montana Office of Tourism, other tourism organizations, local organizations and private businesses.
5. Destination Missoula will continue to maintain and develop its websites, www.destinationmissoula.org and www.missoulameetings.com, and will attempt to increase site visitation numbers by 3%. DM exceeded its goal of 5% increase in the visitations to www.destinationmissoula.org and increased its visitation to www.missoulameetings.com by 3.6%. DM will maintain social networking sites Twitter, Facebook and Pinterest and will increase fans and followers by 30% over 2011-12. DM's Facebook fans increased 25% to VisitMissoula and our Missoula Facebook Partnership now has 33,600 fans. DM increased our Twitter followers by 184%. DM is creating a new sport website, www.missoulasports.com and anticipates 15,000 unique visits within 2012-13.
6. DM will continue to market cooperatively with Montana Office of Tourism, Glacier Country Regional Tourism Commission, other tourism organizations and key non-profits and private businesses to promote Missoula to individual and group travelers, meeting planners, sport/event planners and key niche market travelers (such as cultural, winter, destination weddings, girlfriend getaways, etc.).
7. DM will increase by 3% the 2012-13 level of potential visitors with up-to-date and accurate information on Missoula and the surrounding areas through its call center and 800 number. DM exceeded its goal of 2% by increasing growth by 7% in 2011-12.
8. DM will continue to maintain and expand its photo library of Missoula area attractions, recreation, and events.
9. DM will work to maintain existing and create new funding sources to compliment, supplement and expand its present marketing budget available through accommodation tax funding.
10. DM will collaborate with the Missoula Downtown Association, Missoula City and County representatives, and leading organizations and attractions to plan and implement a comprehensive Wayfinding system for Missoula.
11. DM in conjunction with the Missoula TBID will increase overnight visitation to Missoula with emphasis on the months of November through April, by concentrating marketing funds on the following areas:
 - A. Meetings & Conventions -
 - Concentrate sales efforts in Missoula's naturally strong industry demographics: Education, Conservation, Medical, Legal, Forest Service, Government; Real Estate and Banking.
 - Increase the average number of city-wide conferences and large national/regional meetings from 3 to 5.
 - Increase the number of qualified leads by attending some or all of the following annual conventions and trade shows: ASE, MASE, Society of Government Meeting Professionals; Destination Showcase, D.C.; NTA; RMI Roundup.
 - Sponsor and incentivize the *Bring It Home Missoula* Campaign encouraging Missoula residents and groups to bring their meetings and conferences to Missoula.
 - Providing sales support through research; subscribing to DMAI's EmpowerMINT; purchasing a new trade show booth; production of sales materials; and sponsorship of site visits.

B. Sports & Events -

- Increase leads and industry knowledge by attendance at the annual Travel, Events and Management in Sports Conference and the National Association of Sports Commissions' Sports Event Symposium.
- Produce a comprehensive Missoula Sports online guide.
- Work with and support MHSA to bring high school events to Missoula.
- Collaborate with the Destination Missoula Sports Commission in spreading awareness of TBID grant funding for new and existing events and how to walk through the application process for funding.
- Help to create new Missoula events.
- Print and online campaign to specific niche sports markets applicable to the Missoula market.

C. Tour and Group Travel -

- Comprehensive national and regional marketing campaign concentrating on increasing business during Missoula's shoulder seasons.
- Attend regional group travel shows in our drive and direct flight markets.
- Digital/e-mail campaign to specific tour and group travel operators directing them to missoulameetings.com

D. Leisure Travel -

- Comprehensive national and regional marketing campaign, including print, online, and social media, concentrating on increasing business during Missoula's should seasons.

B. Research and Tracking. To track Missoula's occupancy rates, the results of key marketing campaigns, including advertising and event promotion, and conversion rates.

1. DM will continue to purchase appropriate Smith Travel Reports in order to track Missoula city occupancy rates, ADRs, averages and changes in the Missoula hotel market. This will aid DM in understanding the Missoula market, to identify times of need, and to develop niche marketing opportunities to increase occupancy.

2. DM will work with the Institute of Tourism and Recreation Research, the Missoula Downtown Association and cultural organizations to determine the economic impact of three major events held in Missoula during 2012-13.

3. DM will implement web trends and survey tools to measure inquiries, actual visitations, visitor satisfaction, and feedback in order to identify marketing successes, areas needing improvement or misperceptions about Missoula and the surrounding area, and to raise community awareness of tourism as an economic driver.

C. Education. Education of visitors to raise awareness of Missoula as a destination, the community to increase awareness of tourism and its economic effects, and professional development of key DM personnel.

1. DM will continue a series of at least two (2) educational workshops which will be open to the public to cover key issues and changing trends in the tourism industry, to encourage partnerships between community organizations to promote cooperative and key events marketing, to raise community and regional awareness of tourism as an economic driver, and to educate frontline staff on customer service and what Missoula has to offer visitors.

2. DM's Executive Director will continue the four year accreditation program through Destination Marketing Accreditation and encourage professional development of its sales, marketing and VIC managerial staff,
3. DM will begin working toward certification of Missoula as a DMA through the Destination Marketing Accreditation Program.
4. Destination Missoula will provide quality service to area visitors through maintenance of a year round visitor center, which will be adequately staffed and equipped to provide informative and interesting materials to visitors, inform visitors of all the area has to offer, and to track visitor satisfaction levels in order to analyze and improve service. DM opened our new, interactive state-of-the-art visitor center in historic downtown Missoula last May, incorporating both our visitor center and administrative offices.

The new building was designed to be the tourism and entertainment hub for Missoula. Destination Missoula proudly entered into this dynamic, unique partnership with the Missoula Osprey Professional Baseball Club and Glacier Country Regional Tourism Commission. Since moving into the building visitation to our visitor center has gone up a consistent 35% and is a mix of both Missoula residents and out of area visitors. This unique and successful partnership was nominated for this year's Partnership of the Year Award at the 2012 Montana Governor's Conference on Tourism.
5. Missoula will actively participate with the Tourism Advisory Council, Montana Office of Tourism, Glacier Country Regional Tourism Commission and other tourism organizations in tourism related educational programs and crisis management issues related to the promotion of tourism.

Methods of Implementation

These projects will be implemented through placement of print, radio and online advertisements, maintenance and development of our DM websites and related social networking resources, direct mail, e-mail marketing, banner ads and production of printed materials appropriate to each project, such as postcards, brochures, etc., continued development of a photo library and personal, phone and online customer service.

Target Geographic Markets

The strategy of targeting a particular type of traveler can be enhanced by also targeting a particular geographic area. It is most effective to market to those who are predisposed to come to this area.

DM will market to geographic areas which are also targeted by Glacier Country and Montana Office of Tourism and whose residents have shown a history of traveling to Missoula in order to maximize efficiency and cost-effectiveness. We will be concentrating on more "niche" marketing this year, concentrating particularly on our direct flight and drive markets. Our direct flight markets include Seattle, Salt Lake City, Las Vegas, Minneapolis, Chicago, Denver, Portland, Los Angeles, San Francisco and Phoenix. Our drive markets include an approximate 200 - 300 mile radius from Missoula – Spokane, Washington; Coeur d'Alene, Sandpoint, Lewiston, Boise, Salmon and Idaho Falls, Idaho; Yellowstone Park, Bozeman, Butte, Great Falls, Glacier Park, Kalispell, Montana.

To ensure the most effective use of marketing funds and energies, markets will be pursued in the following order:

- The primary states from which most inquires come: California, Washington, Texas, Illinois, Minnesota, Florida and Arizona.

- The secondary states from which most inquiries come: New York, Colorado, Pennsylvania, Oregon, and North Carolina.
- The states immediately surrounding Montana and Canada.
- Direct flight Markets including Seattle, Salt Lake City, Las Vegas, Minneapolis, Chicago, Portland, Denver, Los Angeles, San Francisco, Oakland and Phoenix.
- Residents from other parts of Montana.

Target Demographic Markets

In addition to the geographic target markets, there are four primary demographic markets DM will target with tourism promotion and marketing. Each of these markets represents a strong and growing segment of the tourism marketplace. DM will pay particular attention through this marketing plan to niche marketing for destination weddings and reunions, small and mid-size market meetings, sporting events, signature events, arts and culture, and family travel. The average visitor to Missoula is 50.77 years of age with an income of \$60,000+ and 74% are either traveling alone or as couples. Groups of 3-5 travelers represent 12% of Missoula visitors and family travel is heaviest during the summer months. The demographic markets are described below.

Individual Travelers

This group includes people traveling alone, adults traveling in small groups and families. While these travelers may have taken advantage of a travel planner or the Internet to facilitate their trip, they do not travel with a group and can be easily accommodated in one or two rooms and at any restaurant.

Individual travelers come from all demographics. It is most important for DM to concentrate its marketing efforts on the following:

- Active empty-nesters.
- Baby boomers.
- Business travelers.
- Cultural and historical experiences travelers.
- Family travel.
- Leisure travelers.
- Outdoor enthusiasts.
- Recreational Vehicle travelers.
- Women.
- Geo-travelers.
- Multi-generational travelers.

Sports Travelers

The sports industry is currently a \$212.53 billion annual business. Sports travel is responsible for \$44.47 billion or 20.92% of the industry's annual worth. Sports related travel has increased 57% over the last 5 years classifying 40% of U.S. adults as sports travelers. In addition to the sporting event, the sports traveler is looking for the presence of good tourism infrastructure providing accommodations, restaurants, bars, clubs, and various forms of entertainment beyond the sporting event.

Demographics are as follows:

- Primarily male, 18-54 years old, and strong internet users.
- Gender – 68% male, 32% female.

- Age –
 - 6% 18-24
 - 18% 25-34
 - 72% 25-54
 - 49% 45+
 - 22% 55+
- Income –
 - 71% have a household income of \$50K+
 - 47% have a household income of \$75K+
- Education and Occupation –
 - 54% have graduated college or higher
 - 41% are professional/managerial
- 74% are married
- 81% attended a sport event in the last 12 months as either a spectator or participant while on a trip of 50 miles or more, one-way, away from home.
- Attending a sports event is the primary purpose of the trip for most sports event travelers (76%).
- Most sports events travelers are spectators (84%).
- Most sports events travelers stay overnight in a hotel, motel or bed and breakfast (52%).
- Sports events travelers are generally younger than total U.S. travelers. They are also more likely to have children and be employed full-time.

Group Travelers and Event Recruitment

Group travelers are looking toward small communities to provide the homey atmosphere which implies safety and personal care. They want a high-touch experience in a high-tech world. To get what they want, they personally spend more in an area than individual travelers and 43% - 60% of their total package cost stays in the destination's economy. A niche market that Missoula will be specifically marketing toward in group travel is destination weddings and new event recruitment.

Meetings and Conventions

Missoula enjoys the distinction of having urban amenities close to those outdoor opportunities a visitor would expect to find in a resort setting. This combination of attractive features gives Missoula an advantage over strictly urban or strictly resort settings.

Meetings have many of the same needs as group gatherings and produce similar economic benefit to an area. Missoula is very well suited for small to large meetings. The personal attention and comforts, which can be delivered by Missoula's service industry, are second to none.

Missoula has done extensive work on the Meeting Planners portion of our website and will continue to update the site. We feel a targeted print and online campaign is one of the most cost effective means of reaching our target audience this year. This niche marketing will specifically target industry specific associations in our drive and direct fly markets, such as Spokane, Seattle, Portland, Minneapolis, and Chicago. Since Montana as a whole does not have a large presence at the Meeting and Convention Shows, it is hard to make an impact against States and destinations that do have a large presence and offer better pricing. Through a print and online campaign we can work with niche markets stressing what is unique about Missoula and the surrounding area that makes it worth the extra expense to hold a meeting here. The addition of a conventions/events salesperson to the staff this year will give Missoula a more impactful and direct reach into this market.

VIC staff should know road conditions, any construction areas and suggested alternate routes. Staff should also be aware of alternative things to do in case of weather conditions.

DM will also hire staff during peak visitor seasons to cover our VIC during non-office hours:

- Staff will assist visitors for two hours after building closing time, Monday through Friday, and for six hours Saturday and four hours Sunday, from July 1 through September 9, 2012.
- Staff will assist visitors for two hours after building closing time, Monday through Friday, and for six hours Saturday and four hours Sunday, from May 28 through June 30, 2013.

Year-to-date 3,258 visitors registered at the DM Visitor Center looking for information and assistance. That is an increase of 17% from the same time last year. First quarter of 2012 saw an 87% increase in visitation from the previous year. These visitors represented 49 states, the District of Columbia, and 21 countries from around the world.

4. Destination Missoula will provide quality service to area visitors through maintenance of a year round visitor center, which will be adequately staffed and equipped to provide informative and interesting materials to visitors, inform visitors of all the area has to offer, and to track visitor satisfaction levels in order to analyze and improve service. DM opened our new, interactive state-of-the-art visitor center in historic downtown Missoula last May, incorporating both our visitor center and administrative offices.

The new building was designed to be the tourism and entertainment hub for Missoula. Destination Missoula proudly entered into this dynamic, unique partnership with the Missoula Osprey Professional Baseball Club and Glacier Country Regional Tourism Commission. Since moving into the building visitation to our visitor center has gone up a consistent 35% and is a mix of both Missoula residents and out of area visitors. This unique and successful partnership was nominated for this year's Partnership of the Year Award at the 2012 Montana Governor's Conference on Tourism.
